## EXPERIENCE

### BLIP - PADDY POWER BETFAIR | SOFTWARE DEVELOPER

Oct 2014 - Present | Porto, Portugal

- Member of a Kanban squad building several web-based internal tools, mainly using ES6+, React and Redux. Quality software is one of the main concerns, code coverage is over 95% and each feature is implemented using the BDD process. Active part in the recruitment process, performing technical interviews.
- Member of a Scrum team responsible for building Betfair's Sportsbook client side rendered mobile web-application. Development and maintenance of a +500k loc AngularJS application, as well as all its supporting web middlewares NodeJS based, capable of scaling up to over 1M active users (100k simultaneously). Monitoring and improvement of performance and scalability issues, both for data fetching and client side rendering.

Javascript · React · Redux · React-Router · AngularJS  
Webpack · Grunt · Jasmine · Mocha · Protractor  
Kanban · Scrum · Continuous Integration · Continuous Deploy
